Databases & Data Engineering: SQL Server Management Studio (SSMS), Oracle EBS / Forms, ETL (Extract, Transform, Load), ERP Data Extraction & Management, Data Cleaning & Pre-processing

AI & Automation: Claude.ai & ChatGPT (Complex Dashboard and Report Summary Creation), ChatGPT API Integration & Prompt Engineering, AI-Powered Dashboard Narratives & Summaries, Python Scripting for Process Automation

Tools & Platforms: Jupyter Notebook, Google Colab, GitHub (Version Control), SQL Database Workbench

Analytical & Process Skills: KPI Design, Tracking & Analysis, Root Cause Analysis (RCA), Statistical Analysis & Data Modelling, Process Improvement & Optimisation, E-Commerce Order Analysis, Documentation & Escalation Handling, Cross-Functional Team Collaboration

PROFESSIONAL EXPERIENCE

MIS Analyst | ShadowFax Technologies Pvt. Ltd. Dec 2024 – Present | Bangalore, India

- Own daily, weekly, and monthly MIS reporting across SDD, NDD, Prime, Express, and Large Shipment lines, delivering timely, accurate inputs for business reviews.
- Build advanced Excel models (Pivot Tables, XLOOKUP, Data Models) and Google Apps Script automations that generate Google Sheets summaries and live dashboards without manual effort.
- Use Claude.ai and ChatGPT hands-on to create complex dashboards and report summaries, cutting reporting workload by up to 85%.
- Produce leadership review decks, executive dashboards, and AI-drafted performance commentary that turn raw shipment data into clear, decision-ready insights.
- Clean, validate, and analyze large operational datasets, sustaining 99%+ data accuracy for performance monitoring.
- Run root cause analysis on operational gaps and SLA misses, surfacing trends and recommendations that improve SLA adherence.
- Partner with Operations, Business, and Leadership teams to define and track business-critical KPIs.
- Analyze e-commerce shipment performance across All C2 and Large clients to identify trends and improvement opportunities.

Jr. Data Analyst | Simpel TechLabs Pvt. Ltd. Jan 2024 – Dec 2024 | Bangalore, India

- Streamlined reporting workflows by automating routine tasks using Python (Pandas, NumPy) and Advanced Excel, cutting manual processing time by 75%.
- Developed interactive data visualizations in Power BI and Matplotlib to communicate complex findings to non-technical stakeholders, supporting data-driven decisions across the organization.
- Enhanced data accuracy through rigorous cleaning, transformation, and pre-processing of datasets using Python and SQL, while maintaining and improving data management systems.
- Applied statistical analysis and data modeling techniques to identify trends and root-cause patterns in complex datasets, translating findings into clear, decision-ready reports.
- Established standardized KPIs and cross-departmental metrics to measure organizational performance consistently.
- Participated in 3+ project planning meetings, ensuring clear data requirements definition across teams.

Oracle Consultant Trainee | OraTalents Solutions and Services LLP Mar 2021 – Oct 2021 | Bangalore, India

- Gained hands-on experience with Oracle EBS, Forms, and SQL/PL-SQL development during internship, supporting Oracle Apps implementation.
- Contributed to 2+ client projects including Tesco Group (Malaysia) and Ujjivan Bank, demonstrating strong technical and project management skills.
- Managed concurrent projects under strict deadlines while maintaining high delivery quality and client satisfaction.

Junior Training Officer – COPA | Mahila Vidya Peet ITI College Mar 2019 – Jun 2020 | Hubballi, Karnataka

- Served as trainer for the Computer Operator and Programming Assistant (COPA) department, overseeing and assessing the progress of 50+ trainees.

Part-Time Teaching Staff | ICA Sky Mount Institute of Technology Jun 2019 – Jun 2020 | Hubballi, Karnataka

- Tutored programming courses including C, C++, JavaScript, and Python to students of varying skill levels.

Customer Care Associate | Five Splash Pvt. Ltd. Jul 2018 – Dec 2018 | Hubballi, Karnataka

- Handled inbound and outbound voice and chat processes for order-related refunds, returns, and customer queries.
